

Exploratory Testing Summary Report

Testing Summary by Area

Test/Bugs/Setup/OffCharter

How to use:

- 1 Create a new sheet
- 2 Click SBTM Session > Start Session
- 3 When finished, click SBTM Session > Finish Session. Make sure you have an entry just before clicking Finish, so that the calculations can get your last timestamp
- 4 To add your session in the summary.
 - delete content of one of the tables: B20:F20 onward (because of a bug)
 - under sheet "Summary" > Aress click SBTM Report > Refresh Data
